

**Skill - Words That Tell How Many**

Skill Reminder:

- A **describing word** tells about a noun.
- Some describing words tell how many.

**Directions: Circle the describing words that tell how many in each sentence.**

1. Forty children went to the museum.
2. A few teachers had cameras.
3. The display shows two frogs on a log.
4. Some geese were swimming in the pond.
5. The museum has three floors for exhibits.
6. We will leave in fifteen minutes.

**Directions: Rewrite each sentence, using a describing word. The word in ( ) tells what kind of describing word to use.**

7. The museum has (how many) dinosaurs.
