Toshi wants to bake a cake. He needs to know how to make it, so he looks for a <u>recipe</u>.

First Toshi gathers flour, milk, and eggs. Then he mixes them together. He wants the <u>batter</u> to be smooth. He hopes the cake will be <u>perfect</u>.

Toshi has <u>smeared</u> some butter across the bottom of the pan. The butter will keep the cake from sticking.

When he finishes, Toshi's hands are buttery, too.

Next he puts the <u>batter</u> in a pan and bakes it. Last he gives some cake to his friends to eat. Everyone agrees that this <u>yellow cake</u> is the best Toshi has ever made.
