Last week my class took a trip to a state park. We walked around in the woods all day.

A park ranger greeted us. "You are lucky to be here today," she said. "Many Canada geese have stopped for a rest. They are on their way south for the winter."

The park ranger warned us not to touch the plants. "Last week, a visitor picked a plant from the woods. He didn't know it was poison ivy. He got a bad rash."

Then we went for a nature walk. We saw chipmunks, rabbits, birds, and even a deer sniffing at berries on a tree. It was exciting to see the animals up close.

- Henry and his big dog Mudge took long walks in the woods.
- Mudge loved sniffing at the ground.
- Henry like counting the birds flying south.
- Mudge liked watching for busy chipmunks.
- Henry picked apples and Mudge licked apples.
