amazing clustered gathered raced wandered

Today was field day. After lunch, we gathered together on the basketball court. Mr. Harris told us about each event.

First, we had the 50-yard dash. All the runners raced as fast as they could to the finish line. Lee won by a few feet!

A crowd clustered around her. They all cheered and yelled out her name.

At the end of the day, we were tired. Slowly, we all wandered over to the awards table.

Mr. Harris had medals for everyone. I got the award for the longest jump. That was amazing to me!

The people were amazed at the gathering of children wandering around the track. The children clustered at the starting line and raced toward the finish.

Wilson Sat Alone

Realistic Fiction:

Realistic fiction is a story with characters and events that are like people and events in real life.

Look for

- Characters that have feelings that real people have.
- A setting that could be a real place.
